NDAA Compliance

NDAA Summary

The John S. McCain National Defense Authorization Act (NDAA) for Fiscal Year 2019 was signed into law on August 13, 2018. The law, specifically Section 889, prohibits federal agencies, their contractors and grant or loan recipients from procuring or using “telecommunications and video surveillance equipment or services” from specific Chinese companies as a “substantial or essential component of any system, or as critical technology as part of any system.” The NDAA ban includes telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, as well as video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company.

Provision-ISR Statement

With headquarters in Israel and manufacturing facilities located in Shenzhen China, Provision-ISR supports NDAA-compliance across its product line and is committed to complying with all government and international trade regulations.

Provision-ISR is committed to providing NDAA Section 889 compliant products and does not have OEM, ODM and JDM relationships with the named vendors in the NDAA.

The following Provision-ISR cameras and network video recorders (NVRs), which do not use or deploy critical components including SoCs produced by NDAA banned component vendors, are compliant with the NDAA.

The Provision-ISR compliance product list will be regularly updated on Provision-ISR’s website (<https://bit.ly/Provision-ISR-NDAA>).

Best regards,

For and on behalf of
